CREDIT CARD

A valid physical credit card in the name of the main driver must be presented at the time of rental pick-up. The card must NOT expire before 6 months after the drop-off date. Virtual credit cards are NOT accepted. On failing to present a valid credit card with sufficient funds, the car rental supplier may deny the rental vehicle or, in some cases, mandate the purchase of extra insurance to reduce the damage liability. In the case where the supplier refuses to release the car, your reservation will be charged under the agreed 'no-show' policy.

Check the supplier Rental Conditions below for more details on payment methods accepted at the rental desk.

DRIVER'S LICENSE

As for the common requirements, a full and valid driver's license in physical form is required at the time of pick-up. Digital license(s) or license(s) with any major endorsements are NOT accepted. Suppliers generally require that the license has been held for at least one year, although some may require an even longer period. Additional requirements specific to the renter in terms of the driver's license and the International Driving Permit (IDP) (if applicable) are detailed in the Rental Conditions below.

IDENTITY PROOF

A valid national ID card or a passport would be required at the time of pick-up.

Cancellation Policy

A 100% refund of pre-payment will be made to the customer, where the booking has been cancelled 48 hours before the pick-up time. In cases, where booking has been cancelled when less than 48 hours are left for pick-up, an amount of GBP 30 or equivalent will be retained.

No Show Policy

Cases where a customer or renter fails to pick up the car after reserving it is called a 'No Show' situation, which largely means there would be no refund or return of money paid while booking the car.
